Young Researchers Forum

brought to you by ARC Centre of Excellence in Future Low-Energy Electronics Technologies  
and the Monash Centre for Atomically Thin Materials

## Got PhD, What Next?

**Young Researchers Forum** brings together young researchers in the Science, Technology, Engineering and Maths (STEM) fields. This Forum provides a vibrant location to network, discuss research ideas and practice professional skills. All post-doctoral fellows, MSc and PhD students welcome.

Back by popular demand, this “*Got PhD, What Next?*” Forum will discuss various career options for STEM PhD graduates and ECRs. You will hear from academics, entrepreneurs, business development, research managers and industry speakers who will share their career journeys and top tips on making the most of your PhD training.

Participants will have chance to ask our guest speakers the hard questions and advice during the panel discussions.
